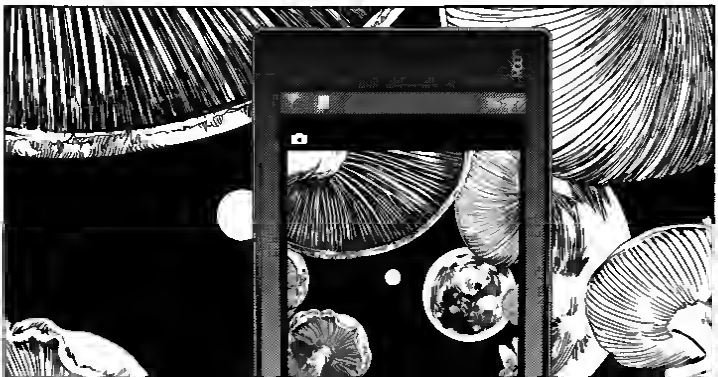
Chapter 2 - The Beginning of Wet Season



Is this some kind of Gulliverish world? Or is this the world's end? Or is this the forest of giant mushrooms just like in Alice's Wonderland or Snow White's Märchen? If I ate the mushroom, will I get an extra life like certain plumbers? Did I get exposed to a small light or maybe these mushrooms were exposed to a big light? Thinking normally on it, isn't this a dream?

T/N. SMALL LIGHT & BIG LIGHT ARE DORAEMON'S REFERENCE, 1-UP MUSHROOM IS MARIO BROS' REFERENCE

Wait!
Ah, hey...!
Don't!
You can't pull that...!
Eek!

Um...
Ngh,
it's inconvenient that you don't have a name.
Hey
Sheesh! Stay still,
okay?

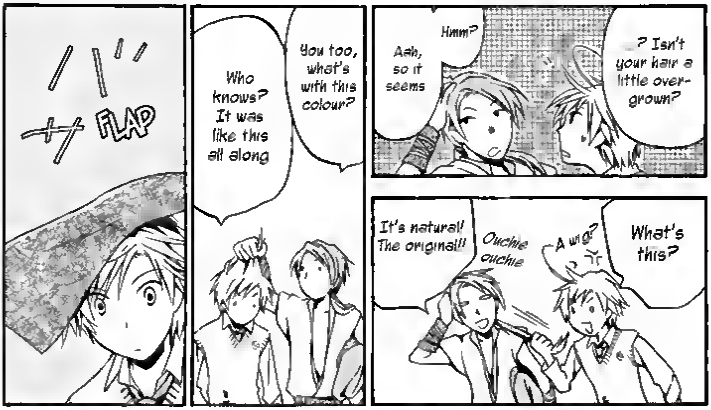
Are you really...
..not An-chan?

SNIP
Hey! Stop that!
TICK
Ah!
Yeah
Wa-
Eh..!
!

Oh, no...
the button came off...
?
KICK
E-
Ebina-kun...
Ebina-kun...

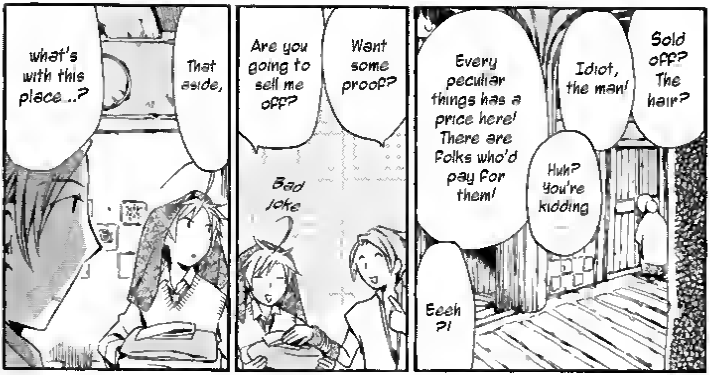
S-sorry!
Ah!
If... if you've woken up...
Could you step out for a bit?
Err, where's the door?!
Ah, no...
This is, um..!
BAM!
THROW
BAM!
Hasegawa-saan, I'll take this rude bastard along. Rest assured, take time changing your clothes! ♥
Higuchi!!! Why you...!!
KNOCK KNOCK
A-alright
Aaah
That was quite a sight~~

Hiii-guu-chiii!!
Wish we could've stayed there a bit longer! Don't you agree, Ebiten?



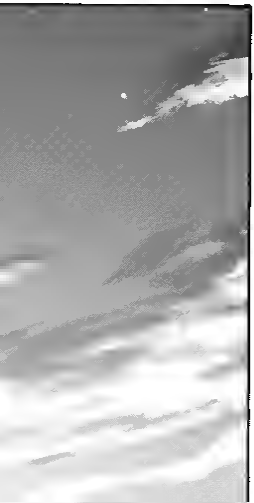
FLAP
You too, what's with this colour?
Who knows? It was like this all along
Hmm?
Aah, so it seems
...? Isn't your hair a little overgrown?
It's natural! The original!!
Ouchie ouchie
A wig?
What's this?

So, hide your hair and change your clothes.
Whenever you step out of this inn, don't get caught by the townsfolk or else you're going to be sold off!
Listen, you don't want to stand out!
For crying out loud...! And here I was thinking, "Who's the guy with the unusual hair colour?"



What's with this place..?
That aside,
Are you going to sell me off?
Want some proof?
Bad joke
Every peculiar things has a price here! There are folks who'd pay for them!
Idiot, the man!
Sold off? The hair?
Huh? You're kidding
Eeeh ?!

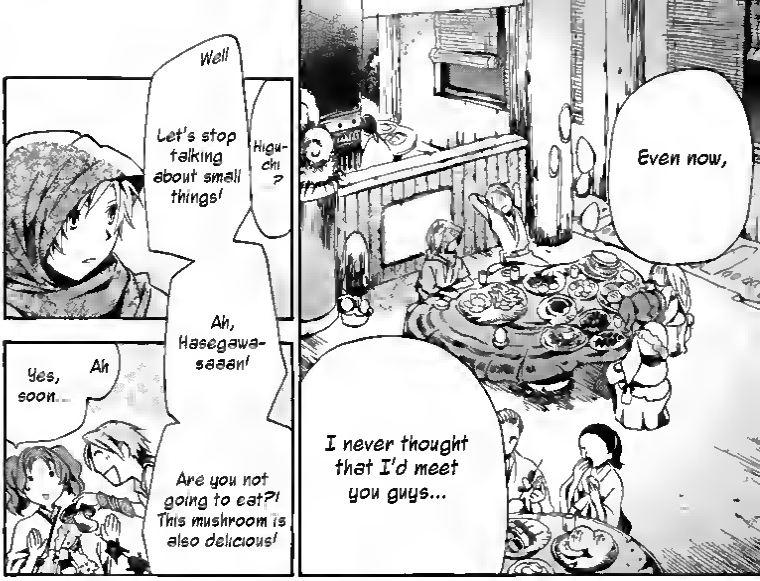
Ahhhhhh Enough!
Hey, Higuchi
but don't you think this place is strange?
It seems like a decent town,
It makes me feel uneasy
Everything's strange here
Ridiculously big mushrooms, two moons



It's lunchtime, huh?
RUMBLE RUMBLE
Do you expect me to explain everything at once-
Grrrrr

あぐ
Aaam
Wow! It suits you so well, Hasegawa-san!
Come! Eat up, eat up!
CHOMP
Thanks a lot, Miss!
Ah!
BANG
Th-thank y-
I told you that you stick out like a sore thumb, didn't I?!
What if someone saw your blond hair?!
Um, do I need to use my hands...?
Idiot! Don't show your face!
Huh? But...

Come to think of it, I'm going be sold off, you say?
That still can be considered lucky
In this country, people with blond hair usually fall victim to vigilantism
It's not unusual for them to be murdered!
Demon!
Well, as a detestable colour it is, it invites curiosity
Everyone is deeply religious in here
They believe in things such as a sinister god with blond hair who existed in the past...
Rubbish!
Higuchi...?
Just now, what did you mean by "this country"...?
"Wislake"
This town is, um... "Letrec"
You guys really don't know anything, eh?



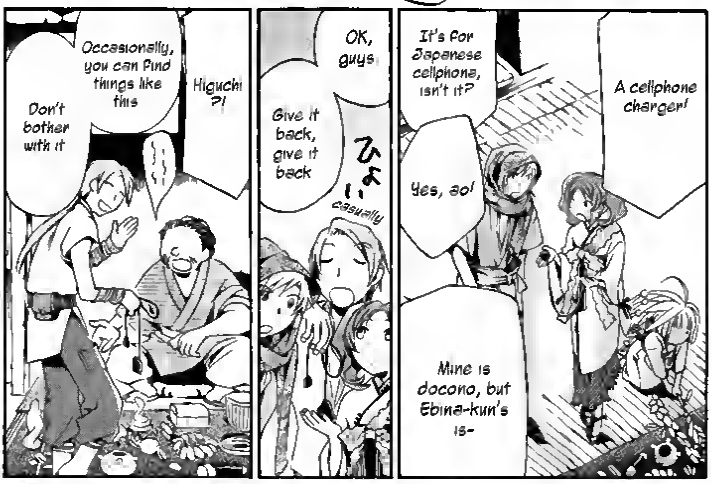
Even now,
I never thought that I'd meet you guys...
Higu-chi?
Well! Let's stop talking about small things!
Ah, Hasegawa-saaan!
Are you not going to eat?! This mushroom is also delicious!
Ah
Yes, soon...

Yes?
What is it?
Um, Higuchi-san?
Er... someone who looks like this child
Did you meet with someone like that in this country?
Mmmmmhhh
STAND
When was it?!
Perhaps, somewhere...

Ah
Isn't that your sister?
She used to play a lot with Sakurai, right?
Whoa?!
Have you seen her since you came here?!
GRAB
Huh?!
Not even once!
You are the first
to talk with me in Japanese these last three years!
My Japanese
hasn't gotten rusty, right?

For three years
Higuchi has been here
Three years...?
No, maybe even longer...?

Will I...
Will it happen to us too?
...
Ebiten!
Hey, what's up?
Ebiten!
It's okay!
If you ask me about things around here, I'll be able to explain them to some extent
Hasegawa-san is also here...
If you wait, sooner or later...
you might meet your sister, right?
yeah...
Ebina-kun!!



T/N: AU (READ: EIYUU, YES THE SAME PRONUNCIATION AS THE JAPANESE WORD OF HERO) AND DOCOMO ARE TWO FAMOUS JAPANESE MOBILE PHONE BRANDS.

Mister, don't be silly! You can't find things like this ever again!
This is a "Nokiam Sahuli" (the god's relic)!
Even amongst these marvels, it's superior! A genuine article!!
How's this? I'll give it to you for a bargain price!
Heee
How much?
Only 100,000 Ril!
WAIT! You can have it for 80,000! Mind you, this truly is a gem! I bought it directly from the "Western Witch"!! Guaranteed!
Um,
is that true..?
About the "Western Witch" using this tool to collect god's power..

There's a legend about them being the gods' favourite tools
All are things no one has seen nor heard of before
They come in various shapes
Yep, yep!
None can tell when or where "Nokiam Sahwil" would appear
They are said to have a will of their own and choose their owners. When it's in the hand of its rightful owner, only then, can it release its true power.
Connects ...?!
How? Amazing isn't it?
That witch said that this is the "tool that connects gods".
Anyway, the rumour is, the Western Witch is able to comprehend them.
IDIOT! There's no way you can use Yen currency here!
Needless to say, with 70,000 Ril, you could mess around for a whole month!
One two
78,000!
Where was it again, eh? Perhaps something will come to mind if you bought it.
Hmm
Will you tell me where I can meet that witch?
How much?!

Even 50,000 will do!
Um, Mister...?
.....
Hasegawa-saaan!

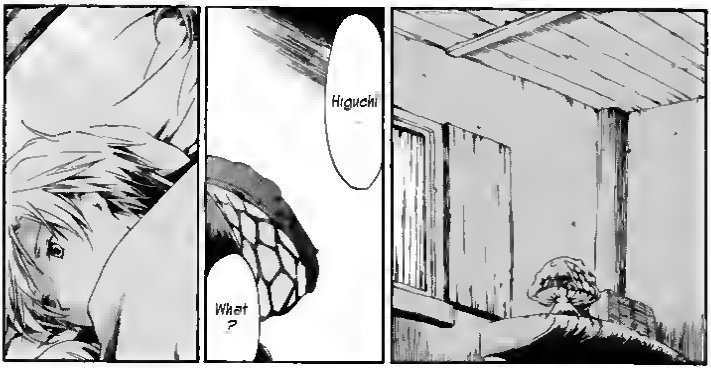
Higuchi, did buy some breads
-IF I'm not mistaken,
"I'm starving "
IF it eats the bread, will it return to a snake...?
RUSTLE RUSTLE
Right now,
there are many things I need to ask you about

Freeze
What are you doing, this late at night?
Err...
What's that rock?
Um, my mother's memento?
...? H-hmm...
Well, whatever.
Are you crazy or what?

Higuchi...
Never act suspicious in the middle of night again.
You made me think it was a thief or something.
S-sorry...
I wonder if I could meet that "Western Witch"...?
The Western's...?
The Forest's?
Spare me the joke!
Recently, there's also a rumour about him sucking the life out of virgins to rejuvenate his 100-year-old self, ya know?!
You'll just become his guinea pigs! He's the kind of person who possesses all the ultimate skills and infinite MP, a last-boss class!
Listen, Ebiten. The person called the "Western Witch" makes things from poison to curse!
Just a rumour, right?
That person seems to know something about the cellphone charger...
Perhaps, things about Japan too...
Even so, I'm not going!

It seems you're yet to wake up from dreamland
As for me, I have seen enough terrible things!
What's wise is to stay away from all strange things
Unless you wish to die!
But ...
Ah!
Then, tomorrow, I'll try asking the merchants once more whether they know something
Asking? You?
? Yes
Maybe they know something about Japan
say,
when did you come to this place, again?
Huh?
Um, yesterday? Maybe the day before yesterday?
Taking this child along and meeting up with Hasegawa-san...

Hmm...



Higuchi
What ?

For what?
A lot of things
Thanks

Let's just sleep already, geez
Hasegawa-san, too,
good night...

Blessed Raindrops
What's this?
I present to you a tool to counter the Western Witch,
with my most heartfelt kindness
You did some archery before, right?
Yes, but that was Japanese archery, I already stopped doing it.
To begin with the bow's shape is different
Hide it properly!
You're going to meet the Western Witch, aren't you?
What does that have to do with a bow?
Like this?
I'm leaving the inn in a moment.
Because you're not coming back, I'm going to sell your uniform to pay the lodging price.
Well, my point is this

"A FAREWELL GIFT." ♥
Well then, Hase-gawa-san,
care to have a breakFast for two-
Huh? She's not here
The child went along with him huh?
Hmph!
N-
Although, it was here yesterday
Not here... the shop isn't here.

Oh? Fine young man ♥
Are you looking for the curio merchant?
He won't be coming back for a while. What's the matter?
Ah.
Well, I heard that he bought tools from the Western Witch. I want to ask him about the witch.
Huh?
Do you know him?!
The Western Witch!!
Of the west Forest?!
Good heavens!
The witch?!
The west Forest is that way,
but the rumour is, if you go there, you're not coming back.
Things you hear on the streets are full with lies, you know.
You want to meet the witch?!
No way!
What direction is the forest in?!
West Forest? If I go there, will I meet him?
Hey, rather than that,
how about this?
Will you come to my place, tonight?
Touch

Ebina-kun!
Did you find out the Western Witch whereabouts?
Ah. Yes, probably...
Hmm? That girl is...
DONG
Ebina-kun!!
Ah!
I'm going with you,
to meet the Western Witch!

This is,
the west Forest..!
It's not a Forest of mushrooms here
It seems to be a normal-
Hee
No
As I thought, the plants are gigantic
Shrasic ?

I wonder if it's related to the gravity?
Hey!
The vegetation in this tropical area is really dense
Surely, the animals are also

Looking at you,
only makes me think of bad omens.
